EXPERIENCE

HIGHLIGHTED PERSONAL PROJECTS

Full Stack Web Developer

Remote
Nov 2022 – Present

BlogApp - A fully functional website that shows the list of posts and empowers readers to interact with them by adding comments and liking posts.

- Built with (Ruby on Rails, Devise and Cancancan gems for Authentication and Authorization).

Math Magicians – An interactive and dynamic single-page app for math enthusiasts.

- Built with (React.js, HTML5, CSS3).

To-Do List – An interactive to-do list that allows users to add planned activities and delete those already accomplished.

- Built with (HTML5, CSS3, ES6, Webpack).

MICROVERSE

Mentor (Volunteer)

Remote
Feb 2023 – Present

- Mentored 2 junior web developers, providing technical support through code reviews.
- Proposed improvements to code organisation to improve code quality by at least 90% before submitting for final review and overall performance.
- Provided advice and tips on maintaining motivation and longevity in the program.

HARMONY GOLD MINE

Cost Accountant(On-site)

Johannesburg, South Africa
Mar 2014 – Jul 2017

- Strong analytical abilities to identify process inefficiencies and implement effective solutions, which ensured that 90% of invoices received from suppliers were invoiced correctly and 100% were paid on time.
- Proven track record in achieving monthly production targets while maintaining a strict budget of an estimated R500,000 per section.
- Exceptional communication skills to convey information to both technical and non-technical stakeholders, by chairing and organising weekly cost meetings with Mine Overseers, Mining Manager and Finance Manager.
- Part of the team tasked with resuscitating the Kusasaletu subsidiary back into profitability by tracking Mining KPIs and reporting over-expenditure.

EDUCATION

MICROVERSE

Remote Full Stack Web Development Program, Full-Time

Nov 2022 – Mar 2024

- Obtained Full Stack Developer Certificate.
- Spent 300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.

- Developed skills in remote pair programming using GitHub, industry-standard git-flow, and daily stand-ups to communicate and collaborate with international remote developers.

UNIVERSITY OF JOHANNESBURG
Bcom, Accounting and Business Management

Feb 2004 – Dec 2007
